Step 2: Collect Information and Write the Report

After your topic has been approved, you will then collect information regarding the topic from valid sources and form a report on your findings.

It is important that you write it in your own words and not plagiarize or copy from anywhere. For information on plagiarism and how to avoid it, consult your moderator.

The report is worth 50 marks, therefore put proper effort into it and work on it like a project and not just an assignment.

Your report may be structured in the following way.

Introduction

Briefly describe the project along with the topic. Also mention how the topic is related to the main topic.

Findings and Discussion

Describe the challenge faced by Muslims in detail, including where it is being faced and in general how many of the Muslim population is facing it. You should include accurate information and the source of the findings. (All sources will be listed at the end.)

Conclusion and Recommendations

Propose solutions to the challenge and describe how it should be implemented.

References

Use APA style to reference the sources you have used to collect and include information for your report.

Step 3: Proofread and Submit your Report

Once you are done with your report and have proofread everything. If possible, check for plagiarism, just to be sure that you are not at risk of losing marks due to it.

When you think, the report is ready for submission, then upload the report on CU Online as Assignment # 3, before the Deadline. Strictly follow the deadline of submission of project, no extension in the submission deadline will be provided.

Note

If there are any further queries about anything related to the project, please contact your moderator.

Good Luck!
